RAVENOL Petrol Quality Stabilisator

Kategorie: Additives

Artikelnummer: 1390203

Application: Passenger car, Motorcycle, Marine

RAVENOL Petrol Quality Stabilisator contains an innovative ingredient, which ensures the general quality of the fuel.

RAVENOL Petrol Quality Stabilisator effectively prevents and reliably protects against age-related deposits.

RAVENOL Petrol Quality Stabilisator improves start performance.

Application Note

RAVENOL Petrol Quality Stabilisator is added to the petrol.

Area of application:

Petrol-operated engines

For storage and overwintering purposes and to prevent start problems after longer standstill periods

In the event of increased fuel consumption

For all 2-stroke and 4-stroke engines

For lawn mowers, vintage vehicles, boats and chainsaws

Application: Pour the contents of the container into the full tank. The ideal dosage is a can of **RAVENOL Petrol Quality Stabilisator** per 40 litres of petrol.

RAVENOL Petrol Quality Stabilisator contains effective antioxidants, to prevent the fuel from ageing prematurely.

Characteristics

- Improved starting behavior
- Good corrosion protection
- Avoidance of deposits
- Ensuring fuel quality
