

RAVENOL Petrol Octane Booster

Kategorie: Additives

Artikelnummer: 1390209

0.3L | 1390209-300

RAVENOL Petrol Octane Booster is an additive to increase the octane rating up to four points for low-grade or insufficient fuel quality. It improves combustion and thus increases the service life of the entire fuel system.

RAVENOL Petrol Octane Booster prevents engine noise such as ringing, banging or retarded engine ignition.

RAVENOL Petrol Octane Booster improves handling performance in peak ranges.

Application Note

RAVENOL Petrol Octane Booster is added to the petrol before refueling.

Area of application:

Petrol-operated engines

Low-grade fuel

For performance enhancement

Application: The ideal dosage is a can of **RAVENOL Petrol Octane Booster** per 60 to max. 75 litres of petrol.

RAVENOL Petrol Octane Booster prevents wear and tear on valve seats and discharge valves and in doing so, increases the service life of the entire fuel system

Characteristics

- Increased octane rating up to four points
- Improved engine performance
- Improves acceleration
- Optimizes combustion
